GOVERNMENT BENEFITS 101:

UNDERSTANDING VA AND MEDICAID

Wednesday, January 17 at 11:15 am
YMCA Lobby – FREE and open to the public

Elder Law Attorney, Matt Margolis, will explain government benefits, namely Medicaid and Aid and Attendance (offered through the VA), which can help offset long term care costs.

What Medicare Does and Doesn't Cover

The cost of long term care has risen exponentially over the last few decades and continues to increase. Many people don't understand that Medicare does not cover the monthly costs of caregivers in the home or long term care facilities.

You Will Walk Away Knowing More About:

- Independent living, assisted living, skilled nursing homes, and supportive living facilities
- Medicaid ins and outs relative to long term care facilities
- VA Aid and Attendance benefit for Veterans and their spouses
